Action of the United States Intelligence Board on
the Downgrading and Release from the TALENT
Security Control System of Materials Obtained Over
USSR Prior to May 1, 1960

On August 30 the United States Intelligence Board authorized the
following action.

1. Release of materials, reports, and information obtained
through overflight of the USSR prior to 1 May 1960 in the TALENT Security
Control System is authorized after such materials have been downgraded
to SECRET and bearing the dissemination limitation of [REDACTED]

[REDACTED] The release and downgrading will be in
accordance with the procedures set forth below. [REDACTED]

25X1C

Procedures for Downgrading

25X1C

2. The senior intelligence office in each agency will define
the substantive requirements to guide the selection of materials and reports
to be downgraded and released.

3. Photography:

a. The following must remain within TALENT
Control: original negatives, roll duplicate negatives, mission
plots or positions thereof except for target locations, mission
coverage summaries, analytical data produced by CIA/PIC for
operational support, and tracker of a given mission except in
single frames.

b. Delete all titling on photography. Retitling
may, but is not required to show: camera configuration,
month and year, Z time, location or coordinates, and scale
(not expressed with K factor). All photographs acquired
through overflight will be given an acquisition number by CIA/PIC.

This number will be printed on all downgraded reproduction which will permit ready reference by all consumers to the original negative and frame number. The acquisition number of all frames then downgraded and released by any consumer will be filed with CIA/PIC.

c. Photographic Interpretation Reports and Intelligence Reports: The following actions are required:

- (1) Approval by the originating office or offices.
- (2) Deletion of reference to (a) TALENT and CHESS, (b) statements of requirements, and (c) any attribution of collection source.
- (3) No reference to track.
- (4) Conformation of photograph to be reproduced in the report in accordance with the specification listed in paragraph 3.b. above.
- (5) Classification and control will be consistent with the classification and control of non-TALENT sources and information revealed.
- (6) Report series indicator and report number will be different from TALENT report number.
- (7) Reports will be disseminated thru normal document handling channels to all intelligence agencies with whom ~~SECRET~~ reports are normally exchanged. In addition it is mandatory that each agency inform the TALENT Control Officer of each member agency thru T channels by formal memorandum of such releases.
- (8) Two copies of each report will be filed with PIC via the TALENT System prepared in accordance with these procedures.
- (9) Original TALENT report will not be recalled.
- (10) Original printed TALENT reports may not be released under any circumstances.
- (11) Information not hitherto published will when published conform to each of the applicable foregoing procedures.
